Top 3 Barriers & Solutions

1.Gender Inequality

- Education and skill development
- Access to resources
- Advocacy and awareness

2. Family Issues

- Providing training
- Offering flexible work
- Providing Childcare

3. Lack of Opportunities

- Developing Infrastructure
- Encouraging entrepreneurship
- Expanding access to technology

Various initiatives taken to overcome

Government of India's mahila kendra shakti scheme, etc

The data shows that the rate of women's employment in rural India still remains low and more effort needs to be taken to empower them
